## Functional Nanomaterials Springer

**functional nanomaterials: energy and sensing - springer** - sponsored by the nanomaterials committee, this special topic has a unique combination of short review papers and research papers on some recent advances for using functional nanomaterials for energy conversion/storage and optical/electric/magnetic signal sensing. the invited paper from zhu's group is an extension - **functional nanomaterials through ... - link.springer** - block for the design of functional nanomaterials. owing to the presence of numerous hydroxyl groups, cellulose provides a unique platform for the preparation of new materials via versatile chemical modifications. this critical review aims to present the advances about nanomaterials based on cellulose **functional nanomaterials and devices for electronics ...** - springer international publishing switzerland 2014 a. nazarov et al.
